SECOND INFORMATION DISCLOSURE STATEMENT

Sir:

The above-identified U.S. patent application corresponds to European Appl. No. 04 002483.8. A Search Report issued on May 13, 2004 in connection with the European application and a copy is attached. The Examiner will note that the European Searcher identified four references as being relevant. Each of the references was identified as a Category A document, and hence was considered to relate merely to the technological background of the invention. The Annex to the Search Report indicates that both of the cited European references have U.S. equivalents. The U.S. equivalent of EP 0913887 was cited in the Information Disclosure Statement filed with this application.

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to:

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450
on June 3, 2004

Hilda A. Abreu

This Second Information Disclosure Statement includes a copy of Form PTO-1449 that identifies the U.S. patent cited in the European Search Report, the U.S. equivalent of EP1139494 and the Japanese reference cited in the European Search Report. A copy of the Japanese reference is attached as well. The references all relate to connectors with retainers.

The Examiner is requested to consider these references during the examination and to make the references of record.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Gerald E. Hespos", is written over the typed name and contact information.
